

# How your vote can make a difference for Charlbury and Wychwood

- ✓ Tackling climate change
- ✓ Building better infrastructure
- ✓ Protecting our local health services

**Jenny Evanson**  
Your local Conservative candidate for the Charlbury and Wychwood Division

## Join the many people supporting Jenny Evanson, here's why....

*"I look forward to working with Jenny as part of our Conservative team across West Oxfordshire. With a strong local team we can work together across all levels of government to get the best for our communities."*

**Robert Courts MP**  
MP for Witney

**Michele Mead**  
Leader of West Oxfordshire District Council

*"We need a strong team at County Hall, I would welcome Jenny as a member of that team. We have made great progress over the past four years and I know Jenny will bring great ideas and her experience to the table to get things done for the Charlbury & Wychwood Division"*

**Cllr Ian Hudspeth**  
Leader of Oxfordshire County Council

*"This election is unlike any we have had for years, with county council and district council elections at the same time. Your vote counts more than ever and has a huge effect on things locally. To get things done and work together across councils vote for Jenny, vote Conservative."*

# How your vote can help deliver an even better Charlbury & Wychwood

## Tackling Climate Change

Climate change is the biggest challenge facing the world at the moment. We have the best recycling rates in the country for the 7th year running. Over 95% of our rubbish is diverted from landfill to power 59,000 homes. 16,000 of our street lights have been upgraded to LED cutting the amount of carbon dioxide being produced by 70%. We are also holding to account those responsible to stop the dumping of sewage in our rivers and working to reduce flooding.

Tackling flooding is a top priority

## Building better infrastructure

We are working with all levels of government to make sure the required infrastructure is built. We are also ensuring that the Community Infrastructure Levy (CIL) funds are used to upgrade existing infrastructure. We are investing £31 million a year to ensure our roads are repaired and made safe for all.

We will continue to invest in our infrastructure

## Protecting our local health services

We will continue to fight for funds and negotiate with our NHS partners to ensure we get the increased quality of healthcare we need. During these trying times we need to ensure our local NHS staff have everything they need to get the job done, and we will continue to fight the corner for Oxfordshire NHS.

"Thank you to all the volunteers and key workers that have done so much in the crisis."

Dear Resident,

Once we have put lockdown behind us our area faces several issues, which will need a strong voice and careful management at County Hall to find the best possible solutions. If this is done well then it will mean living in our beautiful neck-of-the-woods will be even better for all.

These issues include seasonal flooding, speeding traffic, dog theft and dumping of sewage in our rivers. Also supporting local businesses and not least, achieving carbon neutrality by 2030.

I am proud to live locally and my vision for our community is to ensure that it remains a place where we can all be proud to live, work and grow, for many years to come.

I am standing as your county candidate because I believe I have the experience and skill set to find the best solutions to our local issues and to champion them at county level. Importantly, I also have the time and the energy to be effective. I am up for it – on your behalf!

Please lend me your support at the election on 6th May.

Kindest regards

*Jenny Evanson*

# OUR RECORD OF PROGRESS

*What we have achieved so far*

## ✓ Action on Climate change

We are committed to being carbon neutral by 2030. We have worked hard to change 16,000 streetlights to LED and have the highest county recycling rates in the country for the 7th year in a row.

## ✓ Building better Infrastructure

Conservatives have secured over £600 million funding from the Government to improve our infrastructure - building new bridges, roads, cycle lanes and walk-ways.

## ✓ Superfast broadband rollout

We have rolled out superfast coverage to 98% of properties across the county so far, helping rural communities and small businesses flourish.

## ✓ Expanded Library services

We have kept all 42 libraries, and opened 2 new ones in the last 12 months. We also have the home library service looking after those who are housebound.

## ✓ Highways and transport success

We have invested in improving our road network for all road users including with machinery such as Dragon pothole repairing machines, with more investment planned for the future.

## ✓ Delivering great value for money

We're working hard to keep your council tax low while ensuring key local services are still of a high standard - meaning you keep more of your money to spend on your priorities.

# our plan

## for an even better Oxfordshire

1

### Climate Change

The County Council will become carbon neutral by 2030. We will ensure that the impact on our environment is considered before any policy decision is taken.

2

### Improving our Health Service

The NHS response to COVID has been amazing. We must ensure that local NHS services receive the funding they need to continue to provide world class services to residents in need.

3

### Social Care

We will continue to develop services and care packages that put our residents at the centre of everything we do. We will protect our most vulnerable children, and to reduce inequalities by improving education and health outcomes.

4

### Improving our Roads

We are investing over £30 million a year to improve the 3,000 miles of roads across the county. We will invest in 20 mph limits to make our communities safer for all road users.

5

### Supporting our Communities

We will continue to work with our local government colleagues, and other partners in the NHS and voluntary sector. We will put communities at the centre of our decision-making to Build Back Better.

6

### Build Back Better

The Oxfordshire economy is vital not just locally but for the whole of the country. We will work with businesses to create the environment they need to continue developing our world-class economy and providing high quality jobs.

**MATTHEW BARBER**  
YOUR CONSERVATIVE CANDIDATE  
FOR THAMES VALLEY POLICE & CRIME COMMISSIONER

## THE FUTURE OF POLICING IS IN YOUR HANDS

The next Police & Crime Commissioner for Thames Valley will control the nearly half a billion pound budget for Thames Valley Police, set the priorities for the Force and hold the police to account - **who you vote for matters!**

### ✓ Strong local policing

More police officers, neighbourhood policing and focussing on the crimes that matter most to the public

### ✓ Fighting serious organised crime

Cracking down on the threat from "county-lines" drugs gangs to protect children from abuse and exploitation

### ✓ Fighting cyber crime and fraud

Invest in the technology and resources the police need to protect you and your families online

### ✓ Improving criminal justice

Supporting victims of crime, bringing more criminals to justice and reducing reoffending

### ✓ Tackling illegal encampments

Ensuring a fair but firm response to illegal encampments and reducing the effect on our communities

Find out more about my plan to fight crime locally and keep our communities safe...
