

Chalbury Town Council

Election 2021

Lucy Crane-Lupton

Since moving to Charlbury eight years ago, the town has become more than just a beautiful place to live, it's become my home-from-home, an amazing place with heart and soul, art and rhythm. When I first arrived, I was working part-time with a three-month-old baby: being a new mum in a new town could have been a real challenge, but Charlbury people made it easy to reach out for support and solace.

I have spent time over the last eight years working on the Charlbury Neighbourhood Plan and fundraising for the Ticknell Piece Play area. I've trained as a yoga teacher and qualified as a secondary school geography teacher. And I've had another baby, whilst my eldest thrives at Charlbury School. I now teach geography at Oxford Spires Academy in East Oxford, where I work to build a more hopeful future for teenagers.

I sometimes feel like there are voices and views in the town that end up being underrepresented. If elected, I want to make sure everyone has their voice listened to and actioned.

Lucy Crane-Lupton – for a compassionate Charlbury
