Morelle Ellis Brown

I wholeheartedly recommend Morelle as a wonderful carer, companion and household manager.

Morelle has been the live-in carer for my 86yr old mother, Sally Bentley, who has advancing Alzheimers in Kensington, London since June 2024. Sally's needs now require her to move into specialist residential care home.

Morelle has been exceptional on every level. Her contributions include:

- Managing the household including shopping and managing cleaner, tradesmen and repairs
- Establishing and adjusting a daily and weekly schedule for Sally to optimise her quality of life, including coordinating and guiding other carers in the care team to provide a seamless care plan
- Careful monitoring and management of Sally's health needs including medication, initiating doctor visits and physiotherapy appointments as she judges best, but always in coordination with the family
- Planning and cooking a nutritious diet that suits Sally and improves her health and happiness
- A genuine touch for optimising nutrition and sleep rhythm
- Personal physical care
- Companion – interesting, worldly discussions for Sally; stimulating outings that match Sally's changing capabilities; cheerful, upbeat engagement; providing calm as well; providing a safe and warm-hearted and reassuring environment for Sally
- A close ally and friend to Sally's partner and family

Morelle is a special human being, and my brothers and I would be very happy to take a call to field any question and explain further if helpful.

Your faithfully

Andrew Bentley
