THE GREAT OPPORTUNITY

Join with us to watch the first in a series of films showcasing inspiring community actions across the world - creating a more hopeful future.

Followed by bread and soup and time to connect with other people locally

About the film: Behind the climate crisis lies a GREAT OPPORTUNITY to build a better world. This film looks at three example solutions that, as well as reducing emissions, improve everyone's lives, embarking on a journey around the world to see solutions in action and the opportunity to transform our future.
